DP: Mr. Mc Guinness

Welcome to Our First Year Class of 2021

At Coláiste Cholmcille we pride ourselves in being a community which respects the rights and self-worth of all, and aims to provide a happy and safe environment in which the individual may achieve their spiritual, academic and personal potential.

We are a community school and that community ethos is a key part of our identity. We have great pride in our school community and believe in working cooperatively with our local community to provide the best educational experience possible for all of our students.

We will be delighted to welcome you into our Coláiste Cholmcille community next September.

CURRICULUM

At Coláiste Cholmcille we offer a wide range of subjects as part of our Junior Cycle curriculum. We pride ourselves on this diversity meaning students get to taste all of our subjects in first year.

The first choice students have is which Modern Foreign Language to specialise in after their taster classes during the first term of first year.

Most choices then occur for the start of second year when students will select the three option subjects that they will focus on. These supplement our core subjects: Irish, English, Maths, Science, History, Geography, PE, Religious Education, CSPE, SPHE. This allows for a well rounded education and ensures all students can demonstrate their strengths.

CSPE, SPHE, PE, Tutor classes all form part of our Wellbeing Curriculum at Coláiste Cholmcille. Wellbeing is a central concept within our school ethos.

Junior Cycle offers a diverse and interesting curriculum for all of our students.

Get Involved

EXTRA CURRICULAR

While getting a good education is a key element to all schools, at Coláiste Cholmcille, we value all the talents in our school community and offer a wide variety of opportunities for students to show and develop these talents.

From our wide variety of sports teams, our history of excellent music and theatre to the various clubs and activities at lunch and afterschool, there really is something for everyone.

We encourage all students to engage with extra curricular work and take ideas on board from the school population through our very popular student council.

All students need to do is get involved.
