Unfortunately, we will not be able to hold our Open Day as normal this year. To give students an insight into life in Coláiste Cholmáille we will be sending a video tour to all our feeder primary schools to show to their 6th class. This will also be readily available on Social Media and our school website so that parents will be able to get an insight in to the school.

As well as the video we will be providing a link to a 3D virtual tour of the school. Again, this will be made available to Primary schools and on social media, as well as on our website for parents to 'take a walk' through the building and 'meet staff'.

Enrolment for the school will open on Thursday the 26th of November and close on the 8th of January. The documents for enrolment are contained within this pack. If you have any questions, that would normally be answered on our Open Night, please feel free to contact the school using the info@ccbs.ie email address or via phone on 07198 58288.

Yours sincerely,

Cora Fagan
Principal
